Orientation	The New Student Orientation Program (NSOP) is a large and exciting program to welcome all of our incoming first-year, transfer, and international students to the Barnard community. New students arrive on campus approximately one week prior to classes, where they are introduced to all of the resources that are available to them during their time at Barnard.

Accommodation

Finding accommodation that you are happy with on your year abroad is very important and there are often many aspects to consider when looking for somewhere to live.

Many host institutions do offer university accommodation but please do note, **this is not always guaranteed**. You may also need to pay for things like agent or administrative fees that is not always the case here in Edinburgh. It is a good idea to do your research so you do not have any surprises!

University Accommodation	University accommodation is guaranteed to all exchange students more info can be found here . Can we confirm this is still correct? There are several things to consider when deciding which type of housing to request. First, would you like a roommate, or would you prefer to have your own room? Note that roommates may be full-time Barnard students or other visiting students, depending on vacancies in the residence halls. Second, would you prefer to be in a room along a corridor with many other rooms, or in a suite (apartment) - style arrangement? Is it important for you to have a kitchen?
Private Accommodation	Old PGN says students cannot stay in private accommodation but I can't find any websites saying this Barnard resources for finding off campus housing

Costs

It is important to budget for different expenses while on exchange. Your exchange destination may be more expensive than Edinburgh, and different expenses may be required. For example, rent may be higher; you might need to take public transport more; essentials may be more expensive or different, like sun cream in warmer climates or woolly socks in colder climates! These costs will add up so it is good to have an estimate of how much money you might need.
