STUDY LEVEL

The GEM Trailblazer Exchange Programme is open to both Undergraduates (UG) and Graduates (PG).

MODE OF STUDY

You may choose to read courses or conduct research during the exchange.

PROGRAMME DURATION

Study at NTU for one or two semesters. Research has a minimum duration of 3 months.

MEDIUM OF INSTRUCTION

All courses, except language courses, are conducted in English.

SEMESTER WORKLOAD

UG students typically enrol in 3 to 5 courses per semester with each course typically worth 3 or 4 Academic Units (AUs), subject to approval from both their home university and NTU. There is no minimum workload requirement, but the maximum workload permitted is **20 AUs** per semester.

PG students may only read postgraduate-level courses. They must be registered to at least one and up to five postgraduate courses per semester.

DIRECT MASTERS STUDENTS

Only Direct (Integrated) Masters students who have completed at least seven semesters of continuous study at their home university are eligible to apply under the UG category, to have access to advanced UG courses in addition to PG courses.

COURSE SELECTION AND RESTRICTIONS

NTU offers a wide range of undergraduate courses and limited selection of postgraduate courses. Exchange students are **strictly not allowed** to apply or appeal for restricted courses. (Refer to 'Course Matters' on page 5 for more.)

ACADEMIC UNITS AND GRADING SYSTEM

NTU's courses are assigned credits based on academic units. Most courses offered in NTU are worth 3 to 4 AUs.

The AU is a measure of the student's workload associated with both class attendance and preparation. For a typical one-semester course, the number of AU is calculated as follows:

- 1 hour of lecture/tutorial per week : 1 AU
- 3 hours laboratory/fieldwork per week : 1 AU

NTU uses the Grade Point Average (GPA) system in awarding grades. The Pass/Fail option is not applicable to exchange students.

./ACADEMIC STRUCTURE

OFFICIAL TRANSCRIPTS

Two copies of the official NTU transcript will be mailed to your home university's exchange office within two months of completing the exchange programme. One copy will be for your records, and the other will be kept by your home university. **NTU does not issue electronic transcripts to exchange students.**

WITHDRAWING FROM THE PROGRAMME

Before arriving at NTU

You must inform your home university in writing of your decision to withdraw, with NTU's Office of Global Education and Mobility (OGEM) in copy.

After arriving at NTU

You must inform your home university in writing of your decision to withdraw, with NTU's Office of Global Education and Mobility (OGEM) in copy, before firming up your departure travel plans.

Withdrawals requested after arriving at NTU will be counted as a utilized exchange spot.

WHEN SHOULD YOU ARRIVE AT AND DEPART FROM NTU?

All inbound students are expected to attend classes from the first day of the semester. The best time to arrive is early in the week preceding the start of classes. This provides an opportunity to acclimate to your new environment and participate in the mandatory Orientation for Inbound Students. The inbound team will provide more precise information regarding the recommended arrival date in due course. Arriving after the semester has begun is **strongly discouraged**.

Requests to modify registered courses after the add/drop period ends (Teaching Weeks 1 and 2) **will not be accommodated** under any circumstances. Additionally, remote learning options are not available. If you cannot arrive by the recommended time, please contact OGEM with valid reasons to seek further advice.

Arrange return flights **after** the semester ends, as exams may occur on the final day. Rescheduling exams is not possible, and requests for it will not be entertained. Students who miss exams without valid proof shall be considered to have failed the course, resulting in an "F" grade on their transcript.
